This is to confirm that bearer of this note has been informed by the Honorary Consul of the Republic of Namibia in the Kingdom of the Netherlands as follows:

Tourist/travellers to the Republic of Namibia with a pre-existing medical problem for which medications are prescribed that are unusual or contain narcotics are advised to carry a letter from the attending physician;

- attesting that the traveller concerned needs to take the prescribed medications and
- the generic names of prescribed drugs.
- indicating the person's medical condition.

It is advised that any medications being carried overseas should be left in their original containers and be clearly labelled.

The doctor's prescription, should be an original version and shown to the officials if so requested.

For enquiries please refer to the officer on duty at Customs.
